## Product Description

### DESCRIPTION

The Bali catamarans are the production of “series” of the impressive Catana group, a proponent of the innovation of high performance catamarans.

The BALI 4.0 is characterized by a single cockpit / salon area, entirely flush and free from bulkheads, accessible via a huge folding glass door on electric rams. So in the blink of an eye you can switch from the Cozy mode to the Lounge mode, with a panoramic view of the sea.

It has a bow cockpit with dining area and a huge sunbathing area instead of the traditional trampoline

Extra living space with sunbathing area on the roof

The BALI 4.0 enjoys an extraordinary amount of natural light. The large retractable windows offer unparalleled freshness in the lounge and a panoramic view. The numerous hatches in the hulls guarantee exceptional natural ventilation.

Its technical equipment will satisfy the most demanding sailors, and therefore for the most demanding cook, forward is the latest equipped galley that allows you to cook with a sea view.

It is available with 2/3/4 cabins, CEA Category and DesignXavier FaY.

All that remains is to look at it closely. It's a dream catamaran !!!!!

### INTERNAL DESCRIPTION

Those approaching a Bali Catamaran

Lay out 4 cabins and 4 bathrooms

Lay out 4 cabins and 3 bathrooms

Lay out 2 cabins and 2 bathrooms
