Brand: 2x700 hp Man

GUESTS:10

## Product Description

### INTERIORS

All areas on board are rationally managed, both exteriors and interiors; air conditioning throughout. The interiors include 5 double cabins: central Owner's suite with double bed and en suite toilet with separate shower, comfortable sofa, port guests' cabin with separate berths and guests' cabin with upper and lower berth (port) sharing 1 toilet, forward VIP suite with double bed and en suite toilet. Each toilet features separate shower. The main deck is provided with a large lounge (with LCD TV, stereo, DVD, frigobar); a fitted out galley and a huge stowage area, in addition to the forward dining zone with a very charming panoramic view. The wheel house is on the upper deck where a sofa is provided (convertible in double bed). Crew quarter is forward; 2 double cabins with independent access are available for the 4 crew members.

Exteriors: The forward main deck has space enough for tender and water toys while, astern, Terranova 85 has a generously proportioned cockpit. On the upper deck there's the sunbathing area with 4 chaise-longue and cushions; all sofa and chair covers have been replaced. New sun umbrellas. The sun deck boasts a completely renewed solarium, offering a 360° view in a private and peaceful area. The characteristic style of the boats from which the Terranova 85 draws inspiration, expresses itself most clearly in the round shapes of the superstructure and the stern, in addition to the presence of a great funnel and mast for the lights and antennas. Several details in wood and metal give greater character to this exclusive boat.

### EQUIPMENT

Terranova 85 is provided with the most modern navigation instruments and every comfort for her guests: air conditioning (cold and warm) throughout (not in guests cabin with upper and lower berths), WI-FI connection. Furthermore, several water sports are available: Jet Ski Sea Doo 40 Hp, Tender with 40 Hp engine, inflatables and Water ski.
